## EDUCATION / QUALIFICATIONS

---

### University of Technology Sydney (2017 ~ 2020)

- Bachelor of Science in Information Technology (Major in Enterprise Systems Development)

### Police Check

- National Criminal History Check (Issued: 13/11/2017)

### Full NSW Drivers License

- (Expires 03/01/2024)

## PAST EXPERIENCE

---

### NSW Office of Sport - Casual Staff

(10/2019-Present)

My role as a Customer and Events Assistant at the Sydney International Equestrian Centre, involves many duties from communicating with the Event organiser/s, to manual labor tasks, desk duties, managing paperwork, greeting and directing visitors, as well as any other jobs that are required

### With-You - Casual Staff

(06/2017-05/2019)

Includes transporting young people, writing case notes on the young people's travel and tutoring students in English and Math in years 5 - 12. Also include performing various 'general tasks' such as picking up a young person's medication or IT help.

### Narellan Court Chinese Restaurant - Part-time Staff

(02/2017-06/2017)

I worked both Friday and Saturday nights, completing a variety of tasks that included taking orders and serving customers, cleaning duties, managing takeaway, preparing some simple dishes, and working the bar.

### Westview Restaurant - Casual Staff

(02/2015-11/2015)

Working on a weekend roster in a variety of tasks. Serving tables from 1 to functions of 150. Setting & clearing of tables and providing excellent customer service to customers. Kitchen assistant, washing all kitchen and restaurant wares along with assisting in smaller item preparation.

## TECHNICAL SKILLS

---

- Proficient in JAVA, Swift, C, C++, HTML, CSS, XML, PHP, JavaScript, SQL, NoSQL, Git
- Adept at Amazon Web Services (AWS)
- Comfortable with UNIX Command line interfaces
- Experienced with Microsoft Office Suite (Word, PowerPoint, Outlook, Excel), Adobe Creative Suite (Photoshop, Illustrator), Multitude of IDEs, Salesforce CRM, Google Suite, Firebase, MongoDB, Papertrail, Slack, Heroku

## TRANSFERABLE SKILLS

---

**Communication Skills:** I have been involved with various group projects where communication was crucial, and have received a High Distinction in my 'Communication for IT Professionals' Class

**Leadership and Teamwork:** I have found myself leading and managing people in group projects inside both school and university, where a strong sense of direction and common goal was needed. Noteworthy instances include leading groups for major projects in software and web development classes.

**Motivation and Willingness to Learn:** I am highly motivated to learn new skills and have taken to self teaching myself skills such as app development, web development, and graphic design in the Adobe Creative Suite
